Group Contribution Report

Team Member	Component(s)	Specific Tasks Completed	Testing/Debugging	GitHub Contributions
M	Resource, Reservation, Linked List	Worked on resource/reservation classes and linked-list operations for active reservations.	Tested resource, reservation, and linked-list functions.	Add Michel's actual commits, branch, and pull request.
Sushil	Main.cpp	Worked on the main menu, input handling, and new searching and sorting features.	Tested menu options, invalid input, and algorithms.	Add actual commits/branch.
Roshan	ReservationManager, Cancellation	Worked on reservation management, cancellation, waiting queues, cancellation history, and new searching and sorting features.	Tested reservation operations and related algorithms.	student2-reservation-manager branch and related commits.

Michel: Worked on the Resource and Reservation classes. Focused on linked-list operations for managing reservations. Tested the functions related to these classes. Contributed to the project by pushing changes through GitHub.

Sushil: Worked on main.cpp, menu handling, and the new searching and sorting implementation. Tested menu options, invalid input, and algorithm functionality.

Roshan: Worked on reservation management, cancellation, waiting queues, and cancellation history. Also helped with parts of the searching and sorting implementation and tested the features. Contributed through the student2-reservation-manager GitHub branch.

Note*Our team tried to contact Michel to discuss his contributions, but he did not respond. His contributions are described based on the work and information available to our team.)
